

humanⁿ NEO 40

Neo40 is a clinically developed supplement designed to help the body increase and sustain levels of nitric oxide (NO), which tends to decline with age. Nitric oxide is essential for healthy circulation, cardiovascular function, respiratory health, and overall vitality.

Neo40 contains ingredients that support nitric oxide synthesis, including vitamin C, vitamin B12 (methylcobalamin), beet root, hawthorn berry, L-citrulline, and sodium nitrate. The quick-dissolve lozenges are naturally sweetened and dissolve on the tongue to provide an immediate nitric oxide boost. The formula also supports long-term nitric oxide production in the body.

Enhancing nitric oxide has been shown in scientific studies to:

- Support healthy blood pressure levels
- Support cardiovascular health
- Promote healthy blood flow
- Support respiratory health
- Enhance stamina and endurance

Supplement Facts

Serving Size: 1 Tablet Servings Per Container: 30

| Amount Per Serving | % Daily Value | |
|---|---------------|-------------|
| Vitamin C | 100 mg | 167% |
| (as magnesium ascorbate and ascorbic acid) | | |
