

ASHWAGANDHA

Ashwagandha is an adaptogenic herb containing alkaloids and steroidal lactones known as withanolides. This root has been used for a variety of conditions involving chronic inflammation and stress. It has been known to support hormone regulation, energy levels, and promote restful sleep. Ashwagandha plays a role in reducing inflammation, intestinal and uterine spasm, as well as protection of liver and kidneys.

Ashwagandha contains steroidal compounds, alkaloids, saponins and other phytochemicals that help to:

- Encourage healthy response to environmental stresses

- Ease the effects of temporary everyday life changes
- Promote an overall feeling of well-being
- Support the body as it ages

Manufactured in a GMP certified facility.
Manufactured in the USA. Certified Kosher.
