

DANDELION ROOT

Dandelions, also known as *Taraxacum Officinale*, are a type of flowering plant native to Europe, Asia and North America.

Dandelion Root is a liver cooler for liver function support, hives, allergies, hay fever and Hepatitis C. It may help lower liver enzymes that are elevated. It cools or calms the liver and prevents its breakdown. It is also a cleansing herb for toxic skin conditions including acne, eczema and psoriasis.

Dandelion also has diuretic properties, so it may help to reduce blood volume and blood pressure. It may also help reduce uric acid levels that are high. It is a very gentle diuretic systemically and can help to reduce water throughout the body.

Positive effects of Dandelion Root may be seen in:

- Gallbladder and fat digestion
- Liver health
- Bacteria and infection
- Combating free radicals
- Allergies and skin conditions
- Intestinal gas

Manufactured in a GMP certified facility.

Manufactured in the USA. Certified Kosher.

SUPPLEMENT FACTS

Serving Size: 2.5mL

Servings Per Container: Approx. 71

	Amount Per Serving	% Daily Value
Calories 10		
Organic Dandelion (<i>Taraxacum officinale</i>) 1:2 extract from 1.25 g Root	2.5mL	**
