

# ECHINACEA

Echinacea is a popular herb, commonly taken to support the immune response and help combat colds and flu. Echinacea is native to North America and has been used for several hundred years by the Great Plains Indian Tribes. It has a complex mix of active substances, some of which are antimicrobial, while others have an effect on the immune system.

Two species are used as herbal remedies:

- Echinacea angustifolia -narrow leaved coneflower
- Echinacea purpurea -purple coneflower, eastern purple coneflower

Echinacea is used globally to help address a number of conditions, some of which include:

- Attention deficit disorder
- Hyperactivity disorder
- Dizziness

- General pain
- Support immune system in fighting viral infection
- Migraine headaches
- Cold and cough symptoms
- Chronic fatigue

Manufactured in a GMP certified facility.  
Manufactured in the USA. Certified Kosher.

## SUPPLEMENT FACTS

Serving Size: 2.5mL  
Servings Per Container: Approx. 71

	Amount Per Serving	% Daily Value
