

# ELDERBERRY TINCTURE

The Wellness Way Elderberry Tincture delivers comprehensive immune system support against influenza, colds and other common ailments. It has incredible benefits for both preventive uses and for those currently suffering. Dosage and frequency of usage will vary from person to person depending on the individual needs of the person's immune system.

**Elderberry-** "Nature's flu remedy!" Elderberry is one of, if not the most sought-after natural remedies for the flu. Elderberry has three times the antioxidant capacity as compared to blueberries.

**Reishi mushroom-** Reishi is known as the "Mushroom of Immortality." One of the most researched and widely used mushrooms, reishi supports the flu defense by controlling the inflammatory immune response to the viruses.

**Honeysuckle -** It's been called the "penicillin" for viruses. Honeysuckle has a unique ability to naturally inhibit or neutralize many different infectious virus's like the flu that often plague us all.

**Ginger, Cinnamon, and Lemon Peel -** this powerful trio adds additional anti-microbial protection to help ward off secondary infections caused by bacterial pathogens that often like to take over after the initial fight with the flu.

**Honey-** Who doesn't like honey? While this adds a bit a sweetness to balance out the strong bitterness of the herbs, it also adds an additional level of antimicrobial protection!

Supplemental properties include but are not limited to:

- Antiviral
- Antibacterial
- Antioxidant
- Anti-inflammatory
- Immune stimulant/modulator

Manufactured in a GMP certified facility.  
Manufactured in the USA. Certified Kosher.
